2019 Recycling Program Changes

Due to global changes in the recycling industry, Waste Management is asking your community to help combat recycling contamination. You will experience some changes in your curbside recycling collection program. For programs to be successful, all participants must make an effort to change recycling habits.

- No plastic bags of any kind will be accepted. Please place material loose in your recycling bin or cart.
- Make sure you are only recycling plastic bottles, jugs and jars. Any other plastic shape must go in the trash.
- Glass is no longer accepted for recycling. Glass runs hard on our machines and can contaminate other good recyclables.
- Containers that held food should be rinsed free of food debris and liquid.
- Shredded paper is no longer accepted.

Always recycle:

Paper

Food & Beverage Cans

Plastic Bottles, Jars & Jugs
(narrow neck containers labeled #1 and #2)

Flattened Cardboard & Paperboard

Do NOT include in your mixed recycling cart:

NO Food Waste
(Compost instead!)

NO Plastic Bags & Film (Find a recycling site at plasticfilmrecycling.org)

NO Foam Cups & Containers (Check Earth911.org for options.)

NO Glass Bottles & Containers

NO Needles (Keep medical waste out of recycling. Place in safe disposal containers like Waste Management's MedWaste Tracker® box.)

NO BAGGED RECYCLABLES
